**172 New Souls!!!!!! 2 New Churches Planted!!!!!!**

**37 Healings!!!!**

This is truly a great miracle. There is a heavy down pour of rain for this crusades. We have made good advertisement and reached out the unreached villages to bring people for the crusade. But on the first day of the crusade, inspite of the rain we have only few people and Bro Stan preached the good news about Jesus, and we are surprised to see 61 people giving their lives to Jesus. On the second day all the whole day there is lot of rain and before 1 hour of the crusade, the rain stopped and the people started coming from 11 unreached villages. Another powerful presentation of the good news message about Jesus and then the people responded and more people came and accepted Jesus and filled in the salvation cards. 111 people gave their lives to Jesus. This is truly a great miracle, and the people who got healed could not give their testimonies because of the rain and they felt shy about the paganism and so I told them to write the testimonies on the back of the salvation card we gave. Before they went to home, we thought it is good to give the bible, the sword of God, so that they will not go back to paganism. We are able to give more than 150 bibles to the new souls.

As a result of this crusade, 2 new churches are planted as we made a follow up with our pastors who worked for this crusade.

It is not only important to hold crusades, but when the new churches are planted we can do something in this villages. It costs only 1000 Pounds to built a small church. And this includes a pastoral salary for three years. This is only a one time gift you give to save this village and so as the people grow in Jesus, they bring more people and the church grows and multiplies. If any one has a heart to sponsor a church plant you can do so, and we will follow up with a full report. So we are praying and believing in God that God will provide the 2000 UK pounds for the 2 churchplants.

It is not that we are asking money but if you cannot help, you can put this need in prayer and God answers our prayers because we are building His Church and not our Church.

There are so many healings and I have put some important testimonies here.
